PRICE FIVE CENTS

CLAIMS HUBBY SHOULD PAY UP \$38000 YEARLY

Mrs. Eugene Walter Zimmerman, Gettysburg R. 4, testified in Adams County court this morning that she needs about \$38,000 a year to live according to the standards to which she is accustomed.

The hearing is being held to determine the alimony her husband, owner of the Holiday Motels near Harrisburg, should pay her pending disposition of a divorce action Mrs. Zimmerman has brought against her Mechanicsburg R. 3 spouse.

Mr. Zimmerman had been furnishing a Cadillac and \$500 per month plus payment of some other bills for his wife according to his testimony. Mrs. Zimmerman contends the amount is insufficient to support her properly. Testimony this morning by Mrs. Zimmerman indicated \$350 a month is the cost of an apartment in keeping with the standards to which she is accustomed.

Cross examination of Mr. Zimmerman indicated that he used to work 16 to 18 hours a day in the operation of Holiday East and West, but during the last 18 months he has taken things easier and engaged in such activities as a trip to Europe and Russia and another trip to Africa. The Moscow trip started August 8 and cost about \$1,500. The Africa trip started February 17 and cost about \$2,400, according to his testimony. He also testified that he rents a Florida apartment on an annual basis of \$310 per month and has one of his cars in Florida. Another of his cars is the one Mrs. Zimmerman has here and a third is the one he has while at the motel.

The hearing continued this afternoon.

CARS COLLIDE ON ROUTE 30

An attempt by two drivers to hold a conversation led to an auto accident Saturday afternoon at 12:20 o'clock three miles east of here on the Lincoln Highway, state police reported today.

According to the officers, Grayson Showers, Orrtanna R. 1, was driving west on the Lincoln Highway when he saw a truck driven by a friend, Ralph Michael, Gettysburg R. 5, going east. They saluted by honking horns and Showers turned around and came up back of Michael's truck, planning to turn in to the Direct-To-You service station where Michael planned to also turn in, so that the two might have a conversation.

Police said Michael stopped in the middle of the three-lane highway preparatory to making the left turn to permit Jeff Johnson, 53, York, driving a Volkswagen west on the highway, to pass. Showers, behind the truck, didn't notice the German car arriving and continued his turn into the service station.

Damage in the crash between the Showers' auto and the foreign car was estimated at \$50 to Showers' sedan and \$200 to Johnson's auto. Mabel Grimes, 32, a passenger in Johnson's auto, suffered a bruised forehead and was treated at the hospital here.

A Maryland grade school principal was fatally hurt, his wife critically injured and his two children less seriously hurt in an automobile accident five miles south of Dillsburg at the York-Adams line on the Gettysburg-Harrisburg Rd. at 8:15 o'clock Saturday night.

State police said Jack E. Meredith, 27, Franklin Lakes, N. J., was driving south and passed another southbound car. His auto, according to the police, smashed almost head-on into a northbound sedan driven by Raymond Brown, 43, principal of the Rosemary Hills Elementary School, near Chevy Chase, in suburban Washington, D. C.

Brown, a resident of Silver Spring, was killed instantly in the crash. Dr. C. G. Crist, Adams County coroner, said the death was caused by a fractured skull and crushed chest.

To Hold Inquest
The coroner added that an inquest will be held into the death as soon as Mrs. Brown is able to testify.

Dr. Crist said Meredith apparently crossed a white line on the highway in making the pass that led to the death of the Maryland educator.

Mrs. Evelyn Grossman Brown, 41, wife of the dead driver, is in critical condition at the Warner Hospital. She suffered multiple right leg fractures, a possible skull fracture and head lacerations.

File Manslaughter Charge

A daughter of the couple, Julie Brown, 12, was in a serious condition at the hospital suffering from multiple face laceration. Another daughter, Phyllis, 10, suffered only minor injuries and was reported satisfactory at the hospital. Mr. and Mrs. Brown were in the front seat of their car, according to police, and the two daughters were in the rear seat of the sedan.

Meredith suffered a fractured left hand and was treated at the hospital here and then released.

State Policeman Ronald L. Prough said an involuntary manslaughter charge was brought against Meredith before Justice of the Peace Robert P. Snyder here late Saturday night. Prough posted \$1,000 bail for a hearing later.

Both cars involved were demolished. Police estimated damage to Meredith car at \$600 and to Brown's at \$1,000.

REV. M. L. KING MEETS PRESS SUNDAY ON TV

By THE ASSOCIATED PRESS

A Negro integration leader says sit-down demonstrations are dramatizing the position of the Negro in the South and predicts they will be upheld legally. The expression of confidence came from the Rev. Martin Luther King Jr. at the start of the 11th week of the Negro campaign against segregated lunch counters. The 31-year-old Atlanta Baptist pastor appeared on the NBC television program Meet the Press in Washington Sunday night shortly after a Negro college student conference at Raleigh, N.C., laid the groundwork for formation of a Southwide organization.

Should Do More King conceded the sit-ins might violate local laws. But, he said, "in breaking local laws we are really seeking to dignify the law" as set forth in the 1954 U.S. Supreme Court decision on public school segregation.

The man who led the successful bus boycott in Montgomery, Ala., in 1956, reasoned that if and when local laws against sit-ins reach the Supreme Court they will be held to be in violation of the basic guarantees of the Constitution.

King said he felt both the Congress and the President could and should do more to hasten integration.

This statement was echoed in the findings and recommendations of the Easter weekend Raleigh conference attended by 142 students from 11 Southern states and the District of Columbia.

EASTER DEFERS SHOWDOWN IN SOUTH AFRICA

By RICHARD KASISCHKE

JOHANNESBURG, South Africa (AP)—With Easter Monday a holiday for most South Africa, a showdown in the week-long work stoppage called by the outlawed African National Congress was delayed 24 hours.

The government mobilized all police forces throughout the nation for the first test of strength with the country's leading Negro political organization since it went underground.

Strong police patrols kept a watch on Negro settlements around major urban areas.

Hundreds of thousands of Negroes who work in the big cities and environs were caught in the political squeeze. The government warned anyone staying away from work faced loss of their jobs or even banishment to native reserves in the remote interior.

Setback By Failure A failure of the work boycott would be interpreted as a setback for the ANC in its campaign to force an easing in the government's strict segregation policies and gain freedom for jailed Negro leaders.

Police offered protection to Negroes going to work and threatened sharp action against anyone trying to get them to stay home—either by persuasion or intimidation.

Most of the known ANC leaders have been jailed, but the thousands of strike pamphlets that flooded Johannesburg and other areas indicated effective underground machinery has been set up.

The Johannesburg Golden City Post, a Sunday paper for Negroes, said a large number of Africans had been arrested for distributing the stay-at-home leaflets.

There were other press reports that the government may seal South Africa's frontiers with three British protectorates—Swaziland, Basutoland and Bechuanaland—to prevent suspected government opponents from fleeing to asylum.

SURGERY GIVES BOY, 4, CHANCE

NEW YORK (AP) — Skilled American surgeons, answering an appeal from a small voice in a far off land, today gave a 4-year-old Greek boy his chance to live. The doctors performed a delicate 63-minute operation on the damaged heart of Stellas Parthenopoulos, who was flown to New York in an effort to save his life.

The boy's condition at the end of the operation was described as satisfactory. Dr. Aaron Gorelik, noted heart specialist, headed the medical team performing the operation. The boy's mother, Mrs. Calliope Parthenopoulos, waited in the lobby of Parkchester General Hospital during the operation.

"Thank God," she cried when told the surgery was completed. Dr. Ralph E. Ricciardi, the chief anesthetist, said there were no major complications during the surgery. The operation started at 8:35 a.m. It was finished at 9:38 a.m.

The boy, son of poverty-stricken parents in a slum near Athens, arrived here last week in a flight arranged by Associated Press newsman John O. D. Wallace.

2 RACES FOR PRESIDENTIAL VOTES GO ON

By THE ASSOCIATED PRESS

Sen. John F. Kennedy (D-Mass.) had West Virginia campaigning all to himself today as attention focused on the religious and "gang up" issues.

Reports indicated that his rival, Sen. Hubert H. Humphrey (D-Minn.), was making headway in the campaign for the state's presidential primary May 10.

Another Democratic presidential candidate, Sen. Lyndon B. Johnson of Texas, received encouraging reports. Despite signs of a falling-out over the civil rights bill recently, many of the South's delegates apparently have decided to stick with him at the Democratic National Convention in July.

Varying Advice Given

On the Republican side, associates of Vice President Richard M. Nixon said he had made a realistic appraisal of Gov. Nelson A. Rockefeller's chances for the Republican convention.

But, barring some unforeseen development, Nixon remains confident that Rockefeller cannot defeat him. The vice president has the backing of President Eisenhower.

In the West Virginia primary, Sen. Mike Mansfield (D-Mont.) urged other Democratic candidates not to gang up on Kennedy. Mansfield is considered a supporter of Johnson, who has not entered any primaries.

Another Johnson supporter, Sen. Robert C. Byrd (D-W.Va.), recently suggested that followers of Johnson and Sen. Stuart Symington (D-Mo.) vote for Humphrey in an attempt to stop Kennedy.

Court Sustains Murder Conviction

PHILADELPHIA (AP) — The second degree murder conviction of Mrs. Ethel Kravitz was upheld today by Pennsylvania's Supreme Court. She was convicted of killing her husband, Max, a real estate man, in their Montgomery County home on July 4, 1958.

The court divided 6-1 in affirming the conviction and indeterminate sentence, the lone supporter for a new trial being Justice Michael A. Musmanno. Mrs. Kravitz currently is in the Muncy Industrial Home for Women.

The majority opinion was written by Justice John C. Bell Jr.

DEMS TO PICK TWO KEY MEN

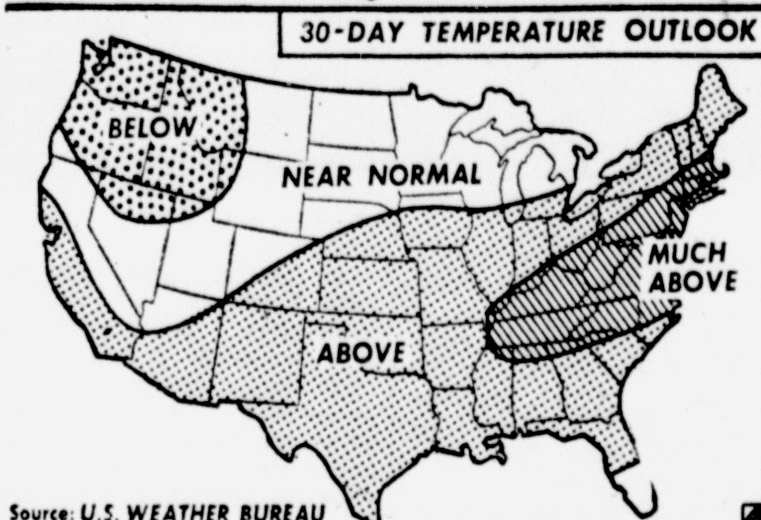

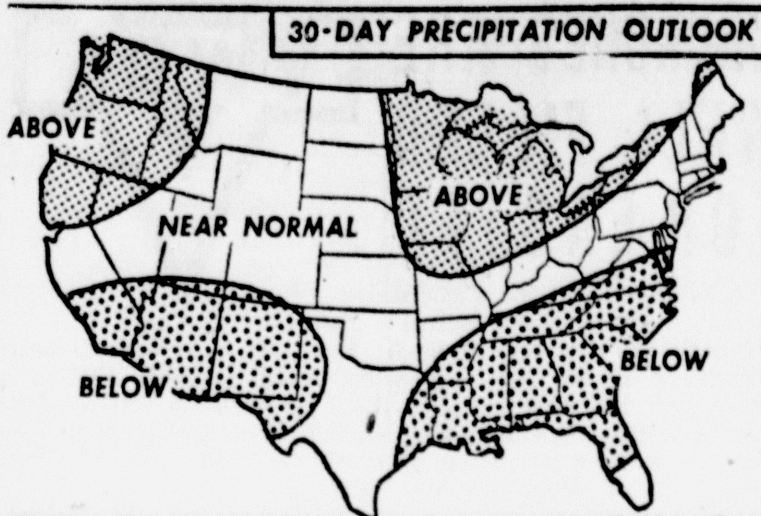

LOS ANGELES (AP) — Democratic party officials today open a three-day meeting during which they expect to name chairmen for two key committees at their July presidential convention.

National Chairman Paul Butler, who heads the 14-member arrangements committee meeting here, said the group probably will pick leaders for the platform and credentials committees.

The arrangements committee is scheduled to inspect facilities to be used by the convention which starts July 11.

The arrangements committee includes Bernard Boutin, Laconia, N.H.; Dr. Mildred O'Tenasek, Baltimore, Md.; Carmine G. De Sapio, New York City; Mrs. W. W. Ehrmann, Gainesville, Fla.; Herbert Walters, Morristown, Tenn.; Camille F. Gravel Jr., Alexandria, La.; Mrs. Georgia Neese Gray, Richland, Kan.; Miss Mary Cunningham, Rulo, Neb.; Paul Ziffren, Los Angeles; Elizabeth Smith, Kentfield, Calif.; Mrs. Waters Martin, Honolulu; Joseph Gluck, Seattle, and Donald J. Mitchell, Fort Dodge, Iowa.

been selected and then from those 200 finalists two were chosen as the best and the writers were awarded a trip to America to see where Lincoln had spoken.

Both Quoted Speech

For both Gettysburg was the high point of their trip, for both had used Lincoln's Gettysburg Address as the basis of their essays, holding that Lincoln was a great man of the world because he was more than just a leader of a country determined to put down a Civil War. Both used the "government of the people, by the people, for the people" line from Lincoln's Gettysburg Address as a principal proof that Lincoln's vision extended to the entire world and that he sought not only to end the Civil War, but to bring freedom to all the world.

For Halmoy the trip was the second to the U.S. He spent last summer here as an exchange student under the American Field Service program.

As a former "summer resident here," Halmoy "translated" frequently for Ulveit-moe, whose English was less perfect and who occasionally needed explanations, particularly when he was jokingly termed a "Southerner" because he came from the south of Norway.

Left For Washington

The youths arrived in the U.S. by plane, spent several days with Mr. and Mrs. John A. Redfield, Tenafly, N. J., with whom Halmoy stayed last summer, before coming here. Mr. and Mrs. Ulysses Sherman Estilow Jr., of Swedesboro, N. J., and their daughters, Marjorie and Betsy, drove the two Norwegian youths here and on their tour of the local battlefield and community. Mr. Estilow is director of physics at Drexel Institute of Technology.

Saturday evening the youths were guests of the Gettysburg Lutheran Theological Seminary and on Sunday after completing the tour of museums and sights here left for Washington where the Norwegian Embassy has made arrangements for their visitation.

Halmoy is a science student who plans to become a physicist; Ulveit-moe plans to become a Lutheran minister, following his father in the ministry.

George Olinger served as guide for the two on their tour.

750,000 ON EASTER STROLL

New Jerseyans celebrated Easter Sunday with a mass outpouring of strollers along boardwalks, city streets and country and park paths throughout the state. Others crowded the highways in their cars or flocked to indoor and outdoor religious services.

A fine spring Sunday, with clear skies in the afternoon and the temperatures in the 60s and low 70s, brought more than 750,000 persons to the state's shore resorts and amusement centers.

Atlantic City officials estimated more than 300,000 persons strolled along the boardwalk in that South Jersey resort.

Wildwood officials said 150,000 persons visited there.

Palisades Amusement Park in Fort Lee temporarily ran out of frankfurters when 135,000 fun-seekers jammed the park. The crowd was the largest Easter throng in the park's 32-year history.

More than 100,000 persons showed up to promenade along Asbury Park's boardwalk.

SCHUYLKILL HAVEN, Pa. (AP)

—Fire in the heart of the business district Sunday burned three business establishments causing damage estimated at up to \$75,000.

Fire chief Paul Hinnerhitz said the cause of the blaze was being investigated. Angelo's Town Tavern and the Reading Restaurant were damaged severely and the roof of an adjoining hardware store was burned.

Hinnerhitz, who made the damage estimate, said no one was injured.

HARRISBURG (AP)—The Public Utility Commission wants the Bell Telephone Co. of Pennsylvania to make a special report by April 30 showing its earnings for the first three months of the year.

The PUC request was made in line with its recently adopted policy of verifying that utilities aren't earning excessively, chairman Leon Schwartz said Saturday. The agency already has asked for similar accountings from 13 electric utilities.

CODE VIOLATORS

Helen M. Noble, Littlestown, and Ralph Sandoe Jr., Biglerville, each forfeited \$11.45 in Westminster recently on charges of exceeding 55 miles per hour.

MESSAGE OF POPE IS GIVEN SUNDAY IN RAIN

By FRANK BRUTTO

VATICAN CITY (AP) — Pope John XXIII expressed sorrow in his Easter message Sunday for those suffering because of race or denial of their civil rights.

Addressing 150,000 persons standing in the rain in the great square before St. Peter's basilica, the 78-year-old pontiff called men to the peace of the risen Christ in a world plagued by racial intolerance.

In an obvious reference to the Negro's race problem, he said: "And our sorrowing gaze turns also to the other children of God everywhere, suffering because of race or economic conditions, at once complex and giving reason for anxiety, or through the limitation on the exercise of their natural and civil rights."

Emphasizes Tolerance

The ruler of the Roman Catholic Church put special emphasis on racial tolerance during Holy Week.

On Holy Thursday he performed the traditional ceremony of washing the feet of 13 persons, emulating Christ at the Last Supper. For the first time those chosen included Negroes, a Japanese, West Indians and a Polynesian.

Before giving his Easter message, the pontiff sent special greetings to Laurian Cardinal Rugambwa of Tanganyika, first Negro to be elevated to prince-bishop in the church. The prelate has been ill in a Rome hospital since he received his red hat last month.

Peace Or Disaster

The pope also dealt with communism in his message.

"On one side stands Christ, together with his representatives and his followers in the church, raised up in holiness and brotherly love," he declared. "And with the church thus blessed there abide sound doctrine, truth, justice and peace."

Shoe Farms Sue For Handling Fees

The Hanover Shoe Farms, Hanover R. 4, had filed an action in the Adams County court against John H. Borrie, Chicken Valley Rd., Old Brookville, N. Y., alleging failure to pay \$2,168.75 in stud and handling fees.

According to the papers filed with the prothonotary, Borrie sent his mare, Lynn Marie, to Hanover Farms for breeding. The animal was bred to Bill Gallon and foaled March 12, 1959, and then was bred to Titan Hanover. Stud fees are \$2,000 and boarding the mare and foal brings the total to \$4,333.50. Borrie paid \$2,164.75 toward the bill, according to the papers.

GIBRALTAR (AP)—Five crewmen were killed and three injured in an explosion aboard the dutch tanker Pendrecht off Gibraltar today.

The 13,150-ton tanker out of Rotterdam was towed here by the Norwegian salvage tug Hercules after sending out an SOS.

There were no details immediately available on the cause of the explosion.

By HAROLD K. MILKS

HAVANA (AP) — A suggestion by Fidel Castro that he hold private talks with President Eisenhower or Secretary of State Christian A. Herter, was seen here today as a possible indication the Cuban leader wants to improve relations with the United States.

Castro told correspondent Richard Bate of the Columbia Broadcasting System Sunday that such a meeting could result in better relations between the two countries.

Such a meeting also would mean a considerable boost in prestige for Castro, and it seemed most unlikely Eisenhower would give the idea serious consideration after Castro's numerous bitter attacks on U.S. policy. Nor did it seem likely Herter would see the Cuban leader after all the harsh things Castro has said about the secretary of state.

Not Impressed

In Washington, State Department press officer Lincoln White brushed off Castro's suggestion. He said it was surprising to him that the suggestion was made to a newsman and not to U.S. Ambassador Philip Bonsal, whom Castro has not seen since Bonsal returned to Cuba March 20.

Castro, who has been leading a hunt for rebel guerillas in the Sierra Maestra for the past 10 days, made the remark when he appeared at the mountain town of El Caney to help dedicate a rural school.

Two Families Forced From Home By Ice

CHEBOYGAN, Mich. (AP) — Wind-driven ice smashed inland 50 feet from Black Lake Sunday forcing two families from their homes.

The ice reached window height, crushed doors and piled up inside the houses.

Escaping unhurt were Mr. and Mrs. Charles Smith, their 10-month-old baby and 13-year-old son; and Frank Stoner and his two children. Mrs. Stoner was away at work.

Out Of The Past

From the Files of the

ONE HUNDRED YEARS AGO

Telegraph: The Hanover Telegraph is a "fixed fact." The line was completed and put in working order on Tuesday last, when dispatches were sent over it.

SEVENTY-FIVE YEARS AGO

The New Law For The Common

Schools: The new law for the Common schools provides in the first section, that physiology and hygiene which shall in each division of the subject so pursued include special reference to effects of stimulants and narcotics upon the human system shall be included in the branches of study now required by law to be taught in the common schools, and shall be introduced and studied as a regular branch by all pupils in all departments of the public schools of the Commonwealth, and in all educational institutions supported wholly or in part by money from the Commonwealth.

Local Flashes: Another man caught. Mr. J. W. Reitzell, at York Springs, received a painful wound in the forehead by his uplifted axe catching in a clothesline.

Arbor Day: Last Thursday having been designated by Governor Pattison as Arbor Day, in accordance with his recommendation, it was appropriately observed by the schools of this place. All the schools were assembled on the upper floor of the main school building, where interesting and instructive exercises were held. Eight shade trees were planted at the edge of the pavement in front of the school lot, and if the trees prosper they will become an ornament to the property.

Court Items: The amendments to the Charter of the Gettysburg Battlefield Memorial Association were approved. They make the Governor of Pennsylvania ex-officio President of the Association, with an elective Board of Directors of twenty-one members; the Board to choose a Vice President, Secretary, Treasurer, Executive Committee, and such other officers as may be necessary. The Governor of each of the States shall, by legislative appropriation, contribute funds for the support of the Association and shall be ex-officio members of the Board of Directors, with power (if unable to be present) to substitute, under the official seal of the State, some one of its citizens to represent the State in the meetings of the Board.

New Oxford Items: Grain is coming to town a little more rapidly since the price has gone up. Our farmers are rejoicing at the change and appear more liberal in their purchases of goods consequently business is improving.

Local Items: The dwelling house at Conewago Chapel is to be remodeled and thoroughly repaired. A French roof will be added to the building.

The May Re-union: In pursuance of the plan adopted by the veterans of the late war to visit, each spring, some one of the celebrated battlefields of the Union, the pilgrimage will this season be made to Gettysburg. The time fixed for the visit is May 4th to 5th. The great success attending the previous visits of the veterans to Fredericksburg and elsewhere and the wide interest manifested by the old soldiers of both armies indicate that the Gettysburg meeting will not only be largely attended, but highly valuable, from an historical point of view, and full of interest to the participants in the scenes enacted there twenty-two years ago.

The meetings will bring together numbers of the most distinguished men of the land. The President, with his Cabinet, the "War Governors" and present Governors of the States, distinguished officers and soldiers of both armies, and men prominent in the councils of the nation are expected to honor the occasion with their presence.

Today's Talk

SO YOU THINK YOU'RE THROUGH!
Thousands have disproved such a statement. We can only be said to be through when we can breathe any more, and when our philosophy of life has deserted us. Then, and only then, can it be said that we may be through.

If it is true that we can think ourselves failures, by the same theory we can think ourselves in to endless successes.

To have earned the right of leadership is to be lined up with the great leaders of world thought, no matter where the problems may be, or the responsibility that a part belongs to each of us.

We must fight our personal battles to the very end, with all flags flying! We must be good citizens, good losers at times, good neighbors, and good friends — especially the latter. Without a group of friends to flower the path of our life, life would be lonely and we often would be in dire need of such friends. Many of our great national leaders have been lonely figures, but winning in courage and ideals. So you think you're through? Be inspired by that excellent motto of the Salvation Army — often down, but never out!

Tomorrow Mr. Adams will talk on the subject: "Games" Protected, 1960, by the George Matthews Adams Service

Just Folks

REAL JOYS
Few are the joys I really own
Beyond the power of time to fade.

There are the loved ones I have known,
The friend or two that I have made,
Not time nor all the ways of fate
Can take away from me the bliss
Of joys I once accounted great;
Their memory I shall never miss.

I'm sure that years ago I smiled,
That yesterday a friend was true;
However I may be reviled,
I own these joys that once I knew.

Treasures of gold may slip away,
Failure may come and leave me low,
But none can take from me today
The blessings that I used to know.

Let come what will, I'll still possess
The tenderness that I have known,
And through a future of distress
I'll keep that memory for my own.
The loved one and the friend that's true
My eyes tomorrow may not see,
But they, 'neath troubled skies of blue,
Forever shall belong to me.

Two Fugitives Caught Quickly

MEDIA, Pa. (AP)—A pair of young escapees from the disciplinary detention quarters at Glen Mills School near here enjoyed only a brief freedom Sunday after one of them slugged an attendant. Police said Paul Bkacston, 15, of Darby, struck attendant Darryl Dickson, 21, of Dallas, on the head while being led to a shower, and then forced him at knifepoint to release Walter Penn, 14, of Philadelphia.

The two youths fled in the attendant's car, but were captured at a police roadblock on the Pennsylvania Turnpike, about 10 miles away from the juvenile institution. Blackstone was serving a sentence for auto theft.

SCHOENDIENST NOT SURPRISED

MILWAUKEE (AP)—Who's surprised about the amazing comeback of veteran Red Schoendienst of the Milwaukee Braves? Just about everyone in baseball — except the 37-year-old infielder himself. "I don't know why everyone is surprised at the way I've come back," Red said Sunday night after the Braves returned to Milwaukee from Philadelphia.

"It certainly doesn't surprise me. I said all the time that I'd be back there as good as I ever was." A year ago Red was flat on his back in St. Louis, recovering from lung surgery after being stricken with tuberculosis. He was out most of 1959, rejoining the team the final two weeks of the season.

James MARLOW Reports

The Associated Press

WASHINGTON (AP) — Frenchmen call him Big Charlie. He thinks big, too, but not always along the same lines as his allies. Since he is also stubborn, he can be a problem for them and they for him.

So, when French President Charles De Gaulle comes here Friday for a solid weekend of talks with President Eisenhower, neither is likely to have his mind changed about anything. But, since they are old friends, they should get along.

Because he is 6-foot-4, De Gaulle has been able to look down on people. But his air of pride, grandeur, silence and aloofness are to some extent deliberately created.

Annoyed Roosevelt
He has explained that such an air gives him the prestige and authority he feels are needed for his special role as the leader of a new and just-as-great-as-ever France.

He is the prime example of a man who can start out without a dime and wind up being president. When he escaped to England during the Nazi occupation of France in World War II, his country was flat on its back.

He had no army but by his vision and his faith in the future of France he made himself both the symbol of his country undaunted and a rallying point for French freedom.

In his pride in a France of the future — which often looked like arrogance — he annoyed President Roosevelt. There was even the suspicion that what he aspired to was a dictatorship.

Saved From Chaos
But when he returned to a liberated France, the power he held only briefly abandoned to the politicians whom he seems to despise. But it was long enough to show that he believed in a democratic government and that he was much to the left of any American president, before or since, in his social and economic thinking.

He came out of retirement to save France from a new chaos of his own making. It is as head of a France he revitalized that he comes here now to see Eisenhower before they meet May 16 at the summit in Paris with Soviet Premier Nikita Khrushchev and British Prime Minister Harold Macmillan.

What does he want at the summit? What do he and Eisenhower have to talk about? It is not clear. Last week his foreign minister agreed with the American, British and West German foreign ministers that the West will take a firm stand against the division of Germany and Khrushchev's push to get them out of West Berlin.

De Gaulle appears to want Britain and this country to get agreement with Khrushchev on East-West control of weapons, shipped to underdeveloped countries in Asia and Africa.

Also he seems to want the Soviet Union and the West to coordinate their ideas on economic aid to backward peoples. The United States has been cold to both proposals.

De Gaulle, who tries to take a long view of history, may be right in his ideas about cooperation with the Soviet Union on weapons and aid. In the end this country may be glad to make such a deal.

Examples Of Determination
Two examples show the extreme determination of De Gaulle in refusing to let France lose its identity or to depend on the mercy or friendship of anyone:

1. His resistance against letting French military forces be integrated with their allies in NATO. He tells Frenchmen that the task of defending France belongs first to Frenchmen.

2. Although the United States and the Soviet Union were years ahead in nuclear development he pushed and is pushing French development.

It is easy to see how he could envision the time when the two big nuclear powers, the United States and the Soviet Union, might decide to divide the world between them.

It can hardly be done so long as France becomes a third nuclear power. This, in De Gaulle's mind, could make France the balancing power in the world.

and playing in only five games. Today, Red is leading the Braves regulars in batting with an average of .500 on 8 hits in 16 times at bat. He had 4 for 4 Saturday and 2 for 5 Sunday and has driven in three runs. He has started all four games played by Milwaukee this year.

Joseph Fouche, an ex-monk, became Napoleon's minister of police. Napoleon told Fouche: "Tell the newspaper editors that I shall hold them responsible not for criticism, but for the failure to praise."

HARRISBURG (AP)—Aud. Gen. Charles C. Smith and a 69-year-old radiologist are at odds over how much money the latter should be paid for work at two state hospitals.

Smith said Saturday he wants the Public Welfare Department to explain why Dr. Peter B. Mulligan of Ashland has been paid a combined salary of \$23,032 a year for work at Ashland and Locust Mountain State Hospitals.

In reply, Mulligan said Smith was unfair in the way he publicly disclosed the investigation of his salaries. He told a newsman he was "going to consult an attorney because I feel he (Smith) may have slandered me."

Bullets Hit Hard To Whip Dickinson 15-2; At Lafayette Wednesday

Combining strong pitching and excellent hitting, which was lacking in the early part of the season, the Gettysburg College Bullets walloped Dickinson 15-2 Saturday afternoon on the Bullets' field.

The Bullets, registering identical scores in their last two outings, have now crossed the plate 30 times compared to the opponents' four in the two straight wins. Coach Bob Hulton's squad is 2-5 on the season and 2-3 in Middle Atlantic Conference competition.

Hawkins In Form
Southpaw hurler, Dick Hawkins, turned in an outstanding performance as he struck out nine batters, walked one and gave up only three hits to record his first win against two setbacks. Bruce Simpson, a strong right-hander, replaced Hawkins in the seventh. Bill Weigle started on the mound for the Red Devils but after giving up 11 walks and six runs, 2-0, he was relieved by Dave Ditenhafer in the fourth—and George Meals in the sixth.

Gettysburg tallied two runs in each of the first, second and fourth to take a 6-0 lead but the power came forth in the bottom of the fifth when the Bullets tabbed six. Jeff Kahler and Fred Mueller drilled singles to left and center, respectively. Ken Fruchter then belted a 3-2 pitch into deep leftfield for his first round tripper of the season. George Burnett followed with a single to center and Gordon Kissner laced a double down the rightfield foul line. An interference play on the part of the catcher put Bill Hoffman on first and George Schalk clouted a sacrifice fly ball to left. After Connie Youse fouled out, Dick Hawkins contributed to the cause with a line single over second producing the final two runs of the six-run rally.

Dickinson Scores
Dickinson's lone runs came in the top of the sixth when with one out, Mike Herman singled to left, ack Thomas got on via a fielder's choice and Reno DiOrto was hit by a pitched ball. An outfield error on Karl Bankert's fly ball allowed both base runners to score.

Fred Mueller, Ken Fruchter, George Burnett and Gordon Kissner set the pace for the Bullets with a pair of his each while first baseman Neil Lovnes topped the visitors' order with two safeties.

Gettysburg travels to Easton on Wednesday to meet the always tough Lafayette outfit.

GIARDELLO TO MEET FULLMER ON WEDNESDAY

By MURRAY ROSE
Associated Press Sports Writer

Many a freshly crowned boxing champion has vowed to be a "fighting champion." Not many actually follow through.

Not so with Gene Fullmer. The NBA middleweight king believes in being a busy champion and backs it up with action in the ring. He is making it pay off, too.

The 28-year-old ex-mine worker from West Jordan, Utah, will collect \$100,000 for taking on 29-year-old Joey Giardello of Philadelphia in defense of his NBA middleweight crown Wednesday night. They will meet in a television (ABC 10 EST) 15-rounder in the field house of Montana State College at Bozeman.

Giardello Underdog
Fullmer won NBA recognition as 160-pound champion by beating Carmen Basilio last Aug. 28. Then he took on the leading challenger in Spider Webb and beat him in a 15-round title scrap at Logan, Utah, Dec. 4.

If he wins, Fullmer wants to fight again in a couple of months. If he loses to the underdog Giardello they will meet in a return bout.

The Friday night television (NBC 10 EST) feature matches lightweight contender Len Matheis of Philadelphia and Doug Vaillant, the Cuban champion, in a 10-rounder at Miami Beach, Fla., Matheis' record is 24-3-1 including 14 kayos. Vaillant's record is 20-1-2 including 12 kayos.

BEATEN BOXER DIES; IN COMA SINCE APRIL 9
MADISON, Wis. (AP)—Charles Mohr, 22, University of Wisconsin boxer who suffered a brain injury in a collegiate title bout April 9, died Sunday.

"His death is a great, tragic loss," said Coach Vern Woodward. "Charlie was symbolic of all that is fine in college boxing."

Mohr died without regaining consciousness from the time he was admitted to the hospital, less than an hour after he walked out of the ring following a National Collegiate Athletic Assn. 165-pound title bout with Stu Bartell of San Jose State.

The fight was stopped in the second round after Mohr fell under Bartell's attack. He jumped to his feet and took a mandatory nine-count but remained dazed and defenseless. Mohr was rushed to a hospital where he complained to team physician Dr. John H. Flinn that he felt sleepy. By the time the ambulance arrived, Mohr was unconscious.

A team of surgeons tried to stop the bleeding of Mohr's massive brain hemorrhage during a three-hour operation. From the outset Mohr's chances were listed as minimal.

Mohr's parents, Mr. and Mrs. Charles Mohr, and his sisters, Carole and Joan, returned to the family's Merrick, N.Y. home Sunday. The funeral tentatively was scheduled for Wednesday morning.

OPPOSED TO PARI-MUTUELS
PITTSBURGH (AP) — Chairman William D. McClelland of the Allegheny County commissioners is the newest entry in the stable of opposition against referendum that would legalize pari-mutuel betting on harness racing in Pennsylvania.

McClelland told newsmen in an interview Sunday he would vote against the proposed bill in the upcoming April 26th primary election.

Good Turnout Of Anglers 1st Day

HARRISBURG (AP) — Pennsylvania's 1960 trout season, helped along by summer-like weather, got off to a fine start Saturday.

A. S. Hazzard, assistant executive director of the Fish Commission, said Sunday night first reports from field wardens indicated the turnout of first day anglers was better than a year ago. And the catches were good, too, especially in central Pennsylvania streams, he added.

Temperatures which hit in the 80s during the day encouraged a lot more sportsmen to get out to their favorite streams, Hazzard said.

BILLY LOES MAGNIFICENT FOR GIANTS

By JOE REICHLER
San Francisco's major winter trade that sent outfielder Jackie Brant to Baltimore for pitchers Billy O'Dell and Billy Loes has paid its first dividend of the infant National League season.

Loes the unpredictable was Loes the magnificent Sunday. The 30-year-old relief ace not only hurled three hitless and runless innings but singled in the bottom of the 14th and scored the run that gave the Giants a 4-3 triumph over the Chicago Cubs.

Third baseman Jimmy Davenport, whose late season injury was a big factor in the Giants' 1959 collapse, drove in the tie breaking run with a single off relief pitcher Ben Johnson.

First Place Tie
The victory enabled the Giants to remain in a first place deadlock with the Los Angeles Dodgers. The defending champions defeated the St. Louis Cardinals 7-5 for their third consecutive victory. The defeat was the fifth for the winless Cards.

Milwaukee remained a half game behind the leaders, walloping the Philadelphia Phillies 8-4 for its third success in four starts. Pittsburgh jumped into fourth place by sweeping a doubleheader from Cincinnati. The Pirates won the opener 5-0 behind the four-hit pitching of Bob Friend, then came from behind with a six-run rally in the bottom of the ninth to nip the Reds 6-5 in the nightcap.

Sherry Wins First
Loes was the fourth Giant pitcher, following Mike McCormick, Stu Miller and Jack Sanford. He took over in the 12th, retired six straight batters, then pitched himself out of trouble by getting pinch hitter Sammy Taylor with two runners on base in the top of the 14th.

Larry Sherry, star of the 1959 world series, won his first game of the season but he needed home run help from Gil Hodges, Duke Snider and Wally Moon. The right-hander also needed pitching help from Sandy Koufax, who stopped the Cards without a run in the last three innings. Stan Musial banged his first homer of the season for the Redbirds.

Eddie Mathews drove in three runs with a home run, triple and double to help right-hander Bob Dool record his first victory of the season for the Braves. The homer was Mathews' 300th of his career. The 28-year-old slugger matched Jimmy Foss as the youngest to hit that many homers.

Pirates Explode
Held to five harmless hits through eight runless innings of the second game, the Pirates exploded for six safeties in the bottom of the ninth to overcome a 5-0 deficit against Cincinnati.

When Pittsburgh came up for its last turn at bat, Red manager Fred Hutchinson replaced Raul Sanchez with southpaw Bill Henry, the fine relief pitcher Cincinnati acquired from the Cubs during the winter.

After retiring the first batter, Henry gave up singles to Smokey Burgess, Bill Virdon and Bill Mazeroski for one run. Hal Smith, a pinch hitter, then slammed a three-run homer. Ted Wiliand got the second out but Dick Groat followed with a single and Bob Skinner climaxed the winning rally with a two-run homer.

Friend was masterful in picking up his first victory in the opener. Roberto Clemente's two-run homer off loser Joe Nuxhall in the first inning was all the veteran right-hander needed.

PHILS LOSE 2 TO BRAVES UNDER MAUCH

PHILADELPHIA (AP) — Maybe nice guys do finish last, but Gen Mauch, the Philadelphia Phillies' new manager, is still talking like a nice guy and still certain the Phillies have a future.

"Naturally, I'm disappointed to lose my first two games as a major league manager," said Mauch, "but I knew what the situation was when I accepted the job. We weren't the club to sweep the National League."

Mauch had just watched the Phillies fall apart in the sixth inning Sunday and lose to the Milwaukee Braves, 8-4. The day before, Mauch's first as manager, the Phillies lost to Milwaukee 13-3.

The 34-year-old pilot came cold to the job when Eddie Sawyer suddenly quit last Thursday. Mauch was called up from his job managing the Minneapolis Millers in the American Assn.

He hit Philadelphia Friday with enthusiasm. How does he feel today, now that the team has lost three of its four games?

"We beat Milwaukee once," he offered, "and after all you can't use last year's second-place club as a yardstick. You have to get the total picture after we've played around the circuit. I can't tell yet how we'll finish."

Milwaukee's victory Sunday was sparked by Ed Mathews who belted a two-run homer, a triple and a double to help Bob Buhl to the win.

Robin Roberts suffered his second straight setback this year. Three of the Phillies' runs came on homers—two by Harry Anderson and one by Bobby Del Greco.

Canners Take Class B Title At Shippensburg; Warriors Fail To Score

Don Sterner's highly regarded Biglerville High School track team captured the Class B honors in the 34th annual Shippensburg State College Invitation meet on Saturday, piling up 33½ points to outdistance second-place Columbia which scored 28.

Gettysburg High, engaging its first competition of the season, failed to score in the Class A events. It was the first time in history the Warriors failed to register a point.

Biglerville and Gettysburg will travel to Carlisle Tuesday for a triangular meet with the Carlisle Thundering Herd.

In coping the Class B title, Biglerville took two first places and tied for another. John Alexander took the 180 foot hurdles in 20.9, Laurin Slaybaugh tied with Lee Savant, Cornwall, for the pole vault at 10-9, while Kermit Jacoby captured the broad jump with a leap of 20-1.

Alexander also got a fourth place in the 100-yard dash; Jacoby was second in the low hurdles; John Byrly placed fourth in the 880 and fifth in the mile; Gary Breighner was second in the discus and third in the shotput; Larry Eckenrode gained fourth place in the javelin and Bruce Parker tied for fourth in the pole vault.

Breighner's toss of 142 feet for second place in the discus set a new Biglerville school mark. The former record of 138 feet was set last year by Joe Cicieriski.

SAM SNEAD WINS 7TH AT GREENSBORO

By KEN ALTYA
GREENSBORO, N. C. (AP) — The incredible story of Sam Snead and the Greater Greensboro Open Golf Tournament continues.

The one-time Virginia hillbilly, who now plays out of a swank White Sulphur Springs, W. Va., resort club, has won here again — for the seventh time.

When Sam accepted the winner's \$2,800 check Sunday after posting a 14-under par 270 score for 72 holes it brought his Greensboro earnings to \$21,600 since he won the first tournament held here in 1938.

It boosted his official earnings in the three major tournaments he's played this year to \$9,325. He won at Bradenton, Fla., last month in his first outing, was tied for 11th in the Masters and won here.

Birdies Last Two
Snead closed with a 69, two under par, by making birdies on the last two holes to give him a two-shot margin over Dow Finsterwald of Tequesta, Fla., Finsterwald finished with 68 to 272, worth \$1,900.

Snead fashioned rounds of 68-66-67-69 in breaking by one shot the tournament record for the 6,551-yard Starwood Forest Country Club course set 15 years ago by Byron Nelson.

Don Whit, of Barrejo Springs, Calif., closing with the day's best round, 66, was third at 277 to win \$1,400. Len Woodward of Sydney, Australia, was fourth at 278.

Havana Franchise Will Be Shifted

ROCHESTER, N.Y. (AP) — The Rochester Democrat and Chronicle said today the Havana Franchise in the International Baseball League will be shifted to Jersey City with in 30 days.

Sports writer George Beahon, at the Rochester Red Wings Florida training camp, said the Havana club will move to Jersey City for the remainder of the season after its 13-day opening home stand.

League officials would not confirm nor deny the story, Beahon said.

League President Frank Saughnessy was quoted by Beahon as saying, "We refuse to answer that question," when asked if Havana would finish the season in Cuba.

BUCS WIN IN CLIFFHANGER IN DOUBLE BILL

By DAVID A. LEHERR
PITTSBURGH (AP) — Cliffhangers give manager Danny Murtaugh of the Pittsburgh Pirates the jitters, but he says he'd rather have shattered nerves than a losing club.

"I just wish our club could get the big runs earlier in the game," Murtaugh said Sunday. "Man, at this rate I'll be a wreck."

The smiling Irishman had just seen his club chalk up six big runs in the ninth inning to edge the Cincinnati Reds 6-5 in the tail end of a doubleheader. The Bucs won the first game 5-0 behind four-hit pitching by Bob Friend.

On Edge All The Way
"You'd think I would be used to the close ones by now, what with all the ones last season with the Bucs," he commented. "I guess I'll never be able to take them in stride."

Murtaugh was on edge all through the final frame as Smokey Burgess, Bill Virdon and Bill Mazeroski singled, Hal Smith hit a pinchhit homer, Dick Groat singled and Bob Skinner homered.

"Those hits were all beauties. It was a great one to win, it was a thriller," said Murtaugh.

Danny was high on praise for Friend. He said Friend pitched "today like he has regained his championship form of 1958."

New World Mark
Jones, the country's No. 1 hurler, swept home with a 13.6 clocking in the Quantico Relays in his first outdoor performance of the year. This was the fastest of 1960 for the event and was only four-tenths of a second off Martin Laner's world standard.

Bill Nieder and Dave Davis — two of the top shot putters in the world — met head to head in the Santa Barbara Easter Relays. Nieder won the battle with a 63-1½ performance. Davis' best was 62-2¼. In a Los Angeles meet Dallas Long of Southern California had a throw of 61-11¼.

At the Arkansas Relays in Fayetteville, Ark., Jim Graham easily won the pole vault with a 15-3¼ effort. The Illinois sprint medley relay team turned in a 3:26.4 clocking in the same meet.

Runs Fast Hundred
The Abilene meet matched Kansas, Abilene Christian, Houston, New Mexico and North Texas State for the best performances. In addition to his 230-yard record, Tidwell reeled off a 9.4 100-yard dash. Eddie Southern of Abilene Christian, who was second in the 1956 Olympic 400 meters, hit 29.8 for the 300 yards, tying Herb McKenely's American record for the distance.

Ollan Cassell of Houston had a 46.2 quarter-mile. Cal Dooley of Abilene Christian was clocked in 22.2 for the 220-yard low hurdles and teammate Bill Woodhouse came through with a 10.2 100-meter dash triumph.

A Bit Of History About Early Settlers

By B. F. M. MacPHERSON

REV. GEORGE BRINKERHOFF'S RECORDS
The historical and genealogical study of the Low Dutch settlement and its old burial grounds is continued at this time.

The majority of historians are inclined to the opinion that the Holland Dutch, who came into what is now Adams County, Pa., gathered at Hackensack, N. J., to begin their journey. They crossed the Passaic, passed New Brunswick, Princeton, crossed Delaware and came on through Pennsylvania. After crossing the Susquehanna River they began looking for a place to settle. They found the German settlers too numerous around Hanover and so pressed on toward the South Mountains and near the mountains they found the Scotch, forever following the horizon. The Dutch and the French Huguenots settled between the two, the Scotch and the Germans, and found that they had, quite by chance selected a good site.

Just when the Dutch Reformed Church was organized in the Low Dutch settlement is not known with any degree of accuracy but it must have been shortly after the first arrivals, sometime after 1765. The first baptism listed in the church records took place in 1769, "Antje, daughter of Henrich Amerman and Yannette Van Arsdal."

Give Records To Society
It is interesting to note that the old church record mentioned above was given into the care of the Monfort family and was presented by them to the Pennsylvania Historical Society.

All of the early ministers of the Dutch Reformed Church were from New Brunswick, N. J. The district of which the Adams County congregation was a part covered a wide area, namely, New York, Hudson River, New Jersey, Delaware and Pennsylvania. There were but 70 preachers to serve the widely scattered churches and their pastoral visits must have been few and far between. The

Rev. Boehme and the Rev. Johan Christopher Gobrecht, from Hanover, occasionally visited the Conewago Church and because of this it was sometimes designated as "Hanover" in some of the early records.

From 1772 to 1778 the Conewago Church had a pastor from their own people, the Rev. Cornelius Cosine. He was followed by the Rev. George Brinkerhoff, who served from 1789 to 1793. The Rev. Brinkerhoff was one of seven brothers, six of whom served in the Revolutionary Army. He was one of the first to be admitted to the ministry of the Dutch Reformed Church without credentials from the old country. He was the last resident minister of the church at Conewago. After his pastorate the congregation was served by supplies and the services must have been irregular, even in the best of weather. Ministers from other denominations, mainly the Presbyterians, served the people whenever possible and when the congregation was finally dissolved quite a few of the people became members of the Associate Presbyterian Church.

Kept Marriage Record
While pastor of the Dutch Reformed Church of Conewago the Rev. George Brinkerhoff kept a record of the marriages he performed. Insofar as is known this is the first time these records have been published in this state. Because of their historical and genealogical value they are here, with given, in full as follows:—

1. November 1, 1789 — William Hollingshead to Nelly Jewel.
2. November 24, 1789 — Henry J. VanDyke to Polly Biggar.
3. January 11, 1790 — William Lory to Elizabeth Boulton (widow).
4. January 26, 1790 — Jacob Laboyteaux to Ann Ammerman.
5. February 3, 1790 — Hezekiah Hoogteeling to Geertje Demoreest.
6. February 9, 1790 — Abraham De Groof to Magdalena Van Zant.

8. November 9, 1790 — Isaac Hulick to Maria Monfort.
9. February 10, 1791 — Jefftha Wilkins to Elizabeth Hulick (widow).
10. March 8, 1791 — Jacob Smock to Lania Van Aertsdaalen.
11. May 2, 1791 — Joan Coshun to Anna Monfort.
12. May 3, 1791 — Abraham Hagaman to Elizabeth Middag.
13. August 16, 1791 — James Maggee to Elizabeth Hoogteeling.
14. November 24, 1791 — Henry Snap to Idah Hoogland, the widow of Martin Nevis.

Rescue 68 Babies, Mothers From Hospital; Feared Fire

MEMPHIS (AP) — Towering flames raced with explosive speed through a baseball park Sunday night. They destroyed a city block of shops and scorched the walls of two hospitals.

A human chain of workers hastily passed 68 babies to safety and then evacuated the mothers from maternity wards as 100-foot-high flames charred City Hospital window frames and shattered big glass panes.

The hospitals, Red Cross workers, fire and police officials reported no serious injuries. Damage was estimated at about one million dollars.

Remove 200 Patients
There was no panic when Deputy Fire Chief J. D. Johnson warned the 14-story Baptist Hospital to prepare for evacuation and 200 patients were moved to inner halls during the crisis.

The Baptist Hospital lobby was a mess. Every ground floor window was out. Floors were cluttered with overturned furniture, fire hoses and glass.

James Hatmaker, a young City Hospital attendant, said the fire began in the left field grandstand and seemed to whirl through the stands.

When it reached the street it fanned right and left and enveloped a block of stores.

Leo Burson, president of the Memphis Chicks of the Southern Assn., said damage to the park was half a million dollars, but it was estimated four or five million dollars would be required to replace it.

Problem Stated
The state's timber had been cut off in the 75-year period from before the Civil War through the first two decades of this century. In its place scrub forest and small plants grew—ideal food for deer.

The deer herd grew until it was estimated to be the largest in the nation.

In the 1930s Pennsylvania's reforestation program developed in earnest. But as the forests grew they squeezed out the smaller plants on which deer feed.

Hurt Farming Areas
The migrating deer, seeking food, moved into farming regions. They have caused millions of dollars in damages particularly to orchards in the regions bordering the forests.

Sizable herds have even moved down into populous Bucks County, where rifle hunting is sharply limited in most areas because of the proximity of homes or factories.

The deer problem was one of the factors that led to organization of the interdepartmental Conservation Coordinating Committee.

To Cut In Blocks
Under the proposal timber in some areas will be cut in blocks or strips. That system would replace the present method of individual selection of trees.

The new plan would allow growth of browse for the deer. At the same time it would relieve pressure on new tree seedling plantings in other parts of the forest.

In the present selective timber cutting system, trees that remain usually are sufficient to prevent the growth of browse.

First Compromise
The proposal is the first effective compromise solution suggested to solve a growing problem.

Farmers, backed by commercial foresters, have been applying increasing pressure on the game commission to reduce the deer herd in line with existing forest food supplies.

But sportsmen protest any such proposals.

Both groups are potent politically. It is hoped the Goddard plan can head off what was shaping up as a serious problem for future Legislatures and administrations.

HAVE PLAN FOR DEER HERD IN PENNSYLVANIA

By RICHARD L. GRAVES
HARRISBURG (AP)—The State Forests and Waters Department has set up a plan aimed at solving one of the commonwealth's growing farm problems—the deer herd.

Secretary Maurice K. Goddard, recognized nationally as a leading authority on forest management and conservation, announced the proposal late last week.

Conservationists, agriculture and representatives of sportsmen's groups are in accord—for the time being, anyway—on the soundness of the plan as a step toward solving the deer problem.

Problem Stated
The problem is this:

The state's timber had been cut off in the 75-year period from before the Civil War through the first two decades of this century. In its place scrub forest and small plants grew—ideal food for deer.

SOME GREAT MOMENTS ON TV SUNDAY

By CYNTHIA LOWRY
AP TV-Radio Writer

NEW YORK (AP)—Television, while too often giving less than its best, sometimes provides precious moments of beauty, enchantment and emotion.

There seemed to be many of these moments Sunday. First, both NBC and CBS brought us stirring and dramatic Easter services in both Protestant and Catholic churches. Perhaps the most fortunate viewers were those with color sets, as NBC's color cameras took us to the Cincinnati Cathedral of St. Peter in Chains.

It was a beautiful church, a lovely service, glowing in rich color. At moments during the Mass, the camera was so close to the altar that one could watch the graceful motions of the celebrants' hands and even savor the beauty of the chalice as the priest lifted it high.

There was Janet Flanner's handsome face, alight with memory, as, on CBS' "Paris in the Twenties," she told how she and other talented young Americans flocked there after World War I.

Rev. King On TV
They were drawn by a sense of excitement and lived grandly on little money in the French city, "so full of writing and literature, it seemed as if every stone had a literary style of its own."

There was the earnest face of the Rev. Martin Luther King on NBC's "Meet the Press" explaining gently, but somehow fiercely, his philosophy about the current rash of sit-in strikes.

And there was a particularly touching drama with a triumphant Easter scene on NBC's "Frontiers of Faith." This one answered the old question about finding life in death in a play about the Hungarian freedom fighters. This fine series deserves a better time spot than 1:30 p.m. Sunday.

Recommended tonight: June Allyson Show, CBS, 10:30-11 — "Surprise Party," with Myrna Loy and Gerald Mohr (once of "Foreign Intrigue")

People And Steamboats Toot Loudest When In Fog

By HAL BOYLE

NEW YORK (AP)—Things a columnist might never know if he didn't open his mail:

In the future more American physicians will wear lipstick. The old public prejudice against lady doctors is abating. Last year about 5 per cent of our medical school graduates were women.

Here's an item that surprised me: The word "smile" does not appear in the King James Bible.

Can you name the only four-footed animal unable to take all four feet off the ground at the same time? It is the elephant.

Three out of every four automobiles in the world today are in the United States. And so are five out of every six of the world's backseat drivers.

Queen Studies Racing
Do you give up when you are faced with a hard task? Napoleon once said, "Impossible is a word only to be found in the dictionary of fools."

Royal student: Queen Elizabeth, who owns a racing stable, takes "the sport of kings" seriously. She studies documentary movies on the training of thoroughbreds.

Talk is cheap until you get the phone bill. The United States leads the world with 38 telephones for every 100 inhabitants. Sweden is next with 34 and Canada third with 30.

Quip of the week: Actress Libby Jones points out, "People and steamboats toot loudest when they're in a fog."

Leap Year note: In the Trobriand Islands the woman is invariably the aggressor in courtship. She shows her love by biting the male of her choice around the eyebrows, neck and shoulders.

PARTIES KEEP HANDS OFF ON RACING ISSUE

HARRISBURG (AP)—The chairman of Pennsylvania's political parties today insisted their organizations have a hands-off policy on the question of legalizing pari-mutuel betting at harness race tracks.

Republican State Chairman George I. Bloom and his Democratic counterpart, John S. Rice, said in separate interviews the issue should be kept outside the realm of politics.

Voters in 14 counties, including Philadelphia and Allegheny, will decide in special referenda at the April 26 primary whether to allow harness races with betting in their areas.

Statewide Interest
The issue has sparked statewide interest in an otherwise lack-luster primary and indications are growing that the question could influence a heavy voter turnout in the 14 counties.

"The Democratic Party has made no organized effort either for or against this referendum," said Rice. "We feel this is a matter to be decided by the individual without political interference."

Bloom echoed Rice but said Gov. Lawrence and Pittsburgh Mayor Joseph M. Barr, in saying they would vote yes on the question, ran the risk of encouraging party workers to do the same.

Not Party's Views
Asked if he thought this would show up in the voting, particularly in heavily Democratic Allegheny and Philadelphia counties, Bloom replied:

"Yes, it might at that in view of the fact that men of the stature of the governor and Mayor Barr say they are for it."

Rice and Barr said that while it's possible certain individuals in each party may be anxious to see legalized race track betting approved, it doesn't mean they are reflecting the views of their political organizations.

Opposition Busy
The Pittsburgh Sun-Telegraph Sunday quoted an unidentified Democratic ward chairman as saying "We got orders from Harrisburg to push the petitions" in order to get the question on the primary ballot. At least 5,000 signatures were required in each county to do this.

"As far as the governor's office is concerned, I have no knowledge that the word came from here," Walter W. Geissey, Lawrence's executive secretary, told a newsman. Meanwhile, the Pennsylvania Council of Churches said it has organized its own get-out-the-vote drive to defeat the plan.

Local Groups Help
The Rev. George I. Evans of Harrisburg, head of the council's Division of Social Relations, said the work will be carried out election day by local church councils and ministerial associations.

"Local groups will set up com-

PARACHUTES ON 2ND TRY

PITTSBURGH (AP)—Nicholas Sinot, 25, is miffed over reports that he chickened out and grabbed an airplane wheel for security during his first parachute jump.

"What really happened was that I slipped as I was getting up to the door, getting ready to jump," Sinot said Sunday. "I had to grab onto the struts supporting the wing because the plane didn't have enough altitude and we weren't over our jump target."

Sinot, a member of the McKeesport Sport Parachute Club, bailed out Saturday over the East Pittsburgh Airport. But a split second later he grabbed the struts and hung on.

While hundreds watched, the plane circled at 3,000 feet with Sinot dangling beneath. He finally crawled back into the plane. Then he jumped again.

CANADA BANKS CLAMP DOWN ON EXCHANGE

By SAM DAWSON
AP Business News Analyst
NEW YORK (AP)—Another bargain day is drawing to a close. Americans—and Canadians as well—have been making a few pretty pennies in Canada out of American silver coins. They could buy more with them than with Yankee folding money changed into Canadian currency.

Now the banks north of the border are clamping down with a penalty that hurts—in the pocket-book.

Canada hopes this won't worry American tourists. Few of them carry a load of silver coins anyway. Most change their dollars or traveler checks into Canadian money at the banks, or hotels, or maybe stores.

Flood Of Silver
The only thing for American tourists to worry about henceforth: Be sure when you get change that it's Canadian silver, not American. That thin American dime will look even thinner after the banks trim it down through a 6 per cent discount.

Until a few days ago, the Yankee coin bought anything a Canadian one would almost anywhere in Canada. And four American quarters bought as much as a Canadian dollar. But you had to have about \$1.04 in American money to get a Canadian dollar at the bank. And some time back you had to have as much as \$1.06 American.

The 4 to 6 per cent difference in purchasing value—when multiplied by enough transactions—looked good to a lot of sharpshooters. And they have been flooding Canada with American silver in recent months.

Canadian Coins Hoarded
In some Canadian bank branches here it's believed that 40 per cent of the coins circulating in Montreal today are American. The Canadian coins have

mitties for transportation, telephoning and even baby-sitting so that every eligible voter is encouraged to get to the polls," said Evans. He organized the council's statewide campaign against the referendum.

The 1959 Legislature set up the State Harness Racing Commission and authorized it to license up to four corporations to conduct harness racing with betting in counties where the majority of the voters approve.

The referenda will be held in these other counties: Delaware, Chester, Bucks, Berks, Lehigh, Luzerne, Monroe, Northumberland, Fayette, Westmoreland, Erie and Crawford.

ORRTANNA — The local MYF met recently for its semi-monthly meeting in the Methodist Church hall with 11 members present. The meeting opened with devotions with Miss Elsie Lesser in charge. The secretary and treasurer gave their reports after which the group made plans for the "cakeless cake sale" it is sponsoring from April 18 to April 27.

Arrangements were also made for five members to attend the MYF convocation to be held in York April 29 and 30.

A record hop sponsored by the group will be held May 14 in the Cashtown Fire Hall. Movies were shown following the program. Refreshments were served by the Misses Connie and Sandra McClellan and a social hour held. The Misses Betty Sterner and Faye Melhorn will be hostesses for the next meeting to be held in the church hall April 27.

Miss Mertie Holsinger, Mrs. Dean Black and Mrs. Walter Ramsey, all of Chambersburg, were recent visitors with the former's brother-in-law and sister, Mr. and Mrs. Mark Saum.

CLEAN-UP WEEK

HARRISBURG (AP)—Gov. Lawrence Sunday designated April 24-30 as clean-up week in Pennsylvania. He urged the public to join in the observance by sprucing up property and eliminating health and safety hazards.

been hoarded as more officially valuable, or taken to the banks and changed into American dollars. (It takes only 96 Canadian cents to buy one.)

Then, if the American dollars can be changed across the line in the United States into American coins and returned to Canada—the profit starts all over again.

Canadian bankers here say this has become a racket—not to mention a nuisance. It takes time, trouble and expense to wrap up American coins that do reach the banks and ship them back to the United States. So the banks are charging a 6 per cent discount on them—a full 2 cents over the premium the Canadian dollar commands today.

Inspiring Discounts
This is inspiring some Canadian merchants, hotels and so on to put their own, and even higher, discount on American coins offered them.

In Windsor, Ont., across the line from Detroit, some stores are reported discounting American coins by as much as 8 per cent. That is, if you offer them an American quarter, they ask for two more U.S. cents before handing over the goods.

Most affected will be the Americans—and Canadians, too, since they've been in on the so-called racket—who live near the border and cross over frequently to buy on whichever side the best prices seem to be offered.

Have Early Pain
Tourists are less likely to notice (carrying little silver to start with) unless they let themselves get loaded up with American change after reaching Canada.

The American's pain comes at the outset when he changes his dollars into Canadian money and pays a premium.

The Canadian Government Travel Bureau here says that American tourists mostly have recovered from their first shock, a few years back, at finding the American dollar valued below the Canadian one at the exchange window. The bureau thinks the new crackdown on coins will have little effect on the volume of tourist trade, or on the dispositions of the visiting, and spending, Americans.

IKE WILL TOSS OUT FIRST BALL

AUGUSTA, Ga. (AP)—President Eisenhower gave up golf today for a quick round trip to a baseball game in Washington.

Probably nothing less than the opening of the American League season and the task of tossing out the first ball could have pried the President away from the Augusta National Golf club and a vacation in the South. Golf still is his greatest sports love.

The President arranged to use a helicopter at both ends of his trip—to and from the airport here and from Griffith Stadium to the airport in Washington. But even this speed-up wouldn't allow time for his usual 18 holes at Augusta National.

Until today, Eisenhower hasn't missed a day of golf since his arrival last Monday. He and his son, Maj. John Eisenhower, were out Sunday afternoon, touring the championship layout in temperatures pushing toward 90.

That was after they and the rest of the Eisenhower family worshipped at Reid Memorial Presbyterian church and enjoyed Easter dinner at the Eisenhower cottage at the golf club.

Pope Sends Greetings In 7 Languages; Thousands Of Pilgrims Crowd Holy City

By THE ASSOCIATED PRESS

This was Easter Sunday, 1960. In Rome Pope John XXIII, speaking from the balcony of St. Peter's, sent his good wishes in seven languages to all parts of the world.

In Jerusalem, 50,000 pilgrims from many parts of Christendom jammed the Holy City to retrace the footsteps of Christ and celebrate the glory of his resurrection.

In the Soviet Union and in other Communist countries the reverent streamed to church despite official criticisms of their faith.

In the Far East, Christians of many nationalities prayed side by side in Japan, Korea and on Pacific islands.

At Waterloo, Iowa, a heavy truck was blown on top of an auto, killing a passenger in the car. At Traer, Iowa, 50 m.p.h. winds lifted two freight cars off the wheels, causing a 38-car derailment.

A twister leveled buildings on six farms near Ottawa, Kan. Four members of a family drowned near Hayti, Mo., when their boat capsized in wind-whipped Mississippi River floodwaters as they were returning to their farm home from Easter services.

Three persons were killed when their car skidded into a concrete buttment near Chester, Ill., during a heavy wind and rain storm.

SHIP SINKS; CREW IS SAVED

NORFOLK, Va. (AP)—"Before she went down, the whole crew stepped off the ship's ladder into one lifeboat and one raft. No one was hurt. No one got his feet wet."

This, according to one seaman, was the way the 23-man crew of the small freighter Ethel C abandoned the ship off the Virginia coast early Saturday, before she sank with her cargo of scrap iron.

The Ethel C went down in calm seas after a hole was punched in her bottom, possibly by shifting cargo. Pumps were unable to handle the water that poured through the break.

The crew, 21 of them Greek seamen, had plenty of food and water aboard the lifeboat and raft. They waited more than 12 hours before being spotted by a search plane. Rescue ships brought them here.

The 329-foot freighter, valued at about \$150,000 by her agents, was hauling \$130,000 worth of scrap iron from New York to nearby Newport News.

The name of Canada is taken from the Iroquois Indian word of Kanata, meaning "great."

New Electric House Heating

clean... safe... costs less than you think and you can have it now!

It had to happen. Now the most modern power in your home, electricity, can supply one of its most important needs—practical, efficient house heating. It's the next logical step in modern living, and probably for you right now.

Electric house heating is clean—completely free from smoke or soot. And your home can stay clean and fresh from basement to attic—this is part of the pleasure you enjoy with electric house heating. After all, electricity just can't make dirt.

Moreover, electricity is the safest way to heat a house. When you consider that there's no pilot light or flame of any kind, no combustible fuel to store or guard against leakage, you can readily see why this is true. Indeed, electric heating is as safe and quiet as an electric light.

You may have felt the cost of electric house heating would be outside your budget. If so, we suggest you see us and examine the cost records of electrically heated homes in your own community. We are sure you will be pleasantly surprised, because the special low rate of 1.6 cents per kilowatt hour places electric home heating well within the average budget.

Today, more than half a million families are already enjoying electric heat.

One of the advantages of electric heat most enjoyed by users is individual room control. This gives you the exact heat you want, when and where you want it—the correct temperature in each room, and no waste.

To really appreciate electric house heating, you actually have to visit a home where it has been used—perhaps one of the Gold Medallion Homes in your area. You'll find electric heat is absolutely even and draft-free—comfortable no matter where you stand or sit. It's a very special kind of warmth you have to feel to appreciate. You'll understand the tremendous pride, peace of mind and prestige it brings to families who have it.

The plain and practical truth is that electric house heating enhances the value of your home because it's modern today and will be modern tomorrow.

So, if you're thinking of building, buying or modernizing, be sure to think of electric house heating—your next logical step in modern living. See us and talk it over.

MENTALLY ILL MAN KILLS ONE ON GUN SPREE

WAVERLY, N. Y. (AP) — A former mental patient, apparently angered by an argument, stormed into a tavern and fired a deer rifle until the gun jammed.

One man was killed and three others were wounded in the shooting spree Saturday night.

Francis Watts, 33, of South Waverly, who fired the shots, was shot down by a policeman as he sprinted toward the Pennsylvania State line, about 150 feet from the tavern.

Clem O'Toole, about 43, who had argued with Watts earlier in the tavern, was killed.

Police Chief A. F. Button said Watts, an unemployed laborer, left the tavern after the argument, went home and loaded a rifle. More than 30 shells were found in Watts' pockets.

Watts Is Wounded
Button said Watts returned to the Loder Street G.I. stepped into the doorway and began shooting. About 15 patrons scrambled for cover.

Wounded were Mrs. Mary Cocco 49, Marshall Preston, 54, and Francis Alamo, 53.

Mrs. Cocco and Preston were reported in fair condition at Tioga General Hospital. Alamo was reported in good condition.

Patrolman Leonard J. Jackson wounded Watts as he fled from the tavern. Watts, who was hospitalized, will be charged with first-degree murder when he is released, Button said.

Watts had been a patient at the Danville, Pa., mental hospital, Button said.

3 Traffic Deaths In Pennsylvania

By THE ASSOCIATED PRESS

Accidents in Pennsylvania over the Easter weekend killed three persons, all traffic victims, including a Maryland grade school principal. The death toll was the lowest in recent years.

Raymond Brown, 43, of Silver Springs, Md., principal of the Rosemary Hills School near Chevy Chase, was killed Saturday night in a two-car collision on Route 15 near Dillsburg. His wife and two daughters were injured.

The two other victims were Philadelphiaans. They were Jeffrey Toney, 32, who was killed Saturday when his car hit a pole, and John Huculak, 9, who was hit by a car Saturday night near his home.

Musician Named "Mother Of Year"

HARRISBURG (AP)—Mrs. Edna Phillips Rosenbaum, of Philadelphia, an internationally known musician who has provided free concerts for thousands of school children, today was named Pennsylvania Mother of the Year for 1960.

Gov. Lawrence personally congratulated Mrs. Rosenbaum, a former harp soloist of the Philadelphia Orchestra and an authority on the harp. Her selection was announced at a Pennsylvania Mothers Committee Luncheon.

Mrs. Rosenbaum is chairman and originator of the Music Committee of the Philadelphia Chapter of Young Audiences, Inc. The non-profit organization provides free concerts and musical education for school children.

MOSCOW (AP) — Canada and the Soviet Union today signed a new three-year trade pact under which the Soviets will spend two dollars in Canada for every Canadian dollar spent here.

The Soviet government promised to purchase 25 million dollars worth of goods each year, including 200,000 tons of wheat, provided Canada buys 12½ million dollars worth of Soviet products annually.

BELGRADE (AP) — President Tito today blasted West Germany's plan to set up military bases in Spain and urged that such a move be curbed before a new war breaks out.

Tito issued the call at a meeting of the Communist-dominated Socialist Alliance, which claims 6½ million Yugoslav members.

ARROYO, Puerto Rico (AP) — Hundreds of people flocked to this little coastal town today following reports that the image of the Virgin Mary had appeared repeatedly in the ruins of an old Spanish house.

The local priest, Father Domingo, and others labeled the reported vision "foolishness." But many, including Arroyo's Mayor Lorenzo Tirado, swore they saw the apparition in a flash of light.

CAMDEN HIGH SCHOOL BURNS

CAMDEN, N. J. (AP)—A three-alarm fire Sunday night swept a Camden Catholic High School, destroying two old buildings which housed classrooms and an auditorium. Only one classroom building and an annex were left standing.

For a time the raging flames threatened the Cathedral of the Immaculate Conception, the seat of the Camden Roman Catholic Diocese, a convent and other church buildings in a block square area.

Twelve of Camden's 13 fire companies, about 70 men strong, contained the blaze.

As a safety precaution and because of heavy smoke, a priest carried the Blessed Sacrament from a chapel in the convent. Some 35 nuns were evacuated. They spent the night at Our Lady of Lourdes Hospital.

There were no injuries.

BRIEFS

BERLIN (AP) — In a slight modification of the Communist demand to make West Berlin a demilitarized "free" city, East Germany has proposed gradual reduction of Allied forces in the city and a gradual lifting of the occupation.

The new Communist plan offers nothing in return for the concessions demanded from the West.

SEOUL, South Korea (AP) — Thousands of students and schoolboys hurled rocks and jeered police in three South Korean cities today in defiance of a government ban on demonstrations.

At least a dozen persons were reported injured in scuffles between police and students in Seoul, Pusan and Chongju.

The unbroken wave of demonstrations, now in its second week, posed a growing crisis for President Syngman Rhee's government, which the students accused of rigging the March 15 elections.

HARRISBURG (AP) — Pennsylvania retail liquor licensees have been reminded by the State Liquor Control Board that they are prohibited from selling alcoholic beverages until an hour after polls close on primary election day, April 26.

Only licensed clubs are exempted from the requirement, the board said Sunday. State liquor stores will be closed all day.

Senators Discuss Redevelopment Bill

WASHINGTON (AP)—Sen. Hugh Scott (R-Pa.) says President Eisenhower may approve a compromise area redevelopment bill providing more money than the 57-million-dollar administration-backed measure.

"If someone came out in the House on a bi-partisan basis for a bill in the neighborhood of 150 or 160 million dollars, I think that all of us who believe in area assistance ought to make a very strenuous effort to get it passed and hope to persuade the president to approve it," Scott said.

He made the comment on a weekly filmed television discussion with Sen. Joseph S. Clark (D-Pa.) and guest Thurston Morton (R-Ky.).

Clark, who supported a senate-passed 389½ million dollar bill, criticized attempts to shake loose from the House Rules Committee a 251 million dollar distressed area aid bill by cutting the figure.
